Parents are a **BIG** part of our ministry with middle school students! We ask that parents support this ministry by attending when scheduled. We will need each parent to serve a few times a year. When you attend you will be asked to do whatever the group is doing. Talk with and get to know all of the kids attending. Remember that you are becoming another authentic, available, and affirming adult in their lives! Youth need these special people in their lives to thrive! Thank you for your partnership!
